My Mom was a big part of my life. She would see the good in everyone. I love you and miss you so much. Everyday, I want to pick up the phone and call you then realize you won't answer. I am really glad I got to spend that last night with you even though we didn't talk much. I love you so much! Tell Dad Hi and I love and miss him too.

“ *I was just remembering a day you, Diane, Diana Hacker, and myself were in your basement and I was playing the piano and singing a song I wrote. Sometime, if I do not forget, I will send your daughters the story of the summer evening we were caught talking with the 'boys' by your dad.*

I am in shock to find out today, you had died a month ago. I do hope your daughters, sister, and your grandchildren are coping and healing during their grieving. Enjoy your new life and be sure to travel to all the beautiful places.
