“ *Chris,  
I miss you so much that it hurts every day. I am so thankful that we got to spend a lot of time together during the last 14 months of your life. There are so many conversations that I wish we could have had. I love the picture of you on this site. It's exactly as I remember you. Is that you that keeps turning the light on in my car? I think so.*

*I love you dearly,  
Your sis, DeeAnn*

“ Dear Chris...your school photos below are how I best remember YOU and our childhood get together! I appreciate that we were able to find each other again, after so many years, on FB. Even though we did not get to see each other very often, I believe that all friendships help build who we are. I am thankful for knowing you and will always remember you! Much Peace Chris!

“ Chris has been a angel to me and my family since first meeting him he has done nothing but make me laugh... He has shared some amazing stories with us that I will never forget.. Chris shared with me some of the same collections like rocks and stones as well as coins we both collect and he has made realize that there is something special about the collections we both have and I am truly going to miss him with every rock or stone I find I bend down to pick one up and get a warm feeling like he sent it down to me and made me cry today because I couldn't take it over to show him but in my heart I know he sent it to me to let me know he is watching me and pushing me to keep collecting.... Miss u so much Chris u have made me realize there is so much more to life and I treasure the bond we shared with all the stories and stones and coins... Love u buddy go fly high with all my angels... Rest in Heaven my True Guardian Angel gone but never forgotten... Its not good bye my angel friend its till we meet again hugs ur Kiddo Friend Tracy <3

“ One of my favorite memories is when me and a friend visited Chris at the ranch in Florida during a round up. We had so much fun going muddin in the "black hog" as he liked to refer to the old jeep down there and then later we went fishing. My friend didn't enjoy it quite as much though ... since she had never in her life been somewhere that there was no concrete sidewalk to walk on, so of course Chris had to torment her while we were muddin making sure that was completely covered head to toe in mud :D. Good times.
