“ Grandma was the one of the best grandma's anyone could ask for. She loved her family and was so proud of all of her grandchildren, great grandchildren and great-great grandchildren. She often told me that after her heart attack when I was just a baby, she never expected to live long enough to see me grow up. She surprised herself by not only seeing me grow up but to also see her family grow. She would do anything she could for her family. Even when she was too weak to care for herself, when Aunt Ruth was not doing well in the nursing home, Grandma commented several times how she wished she could bring her sister to her house and take care of her. She always thought of others before herself. Being the oldest grandchild, she often told me I held a special place in her heart but that did not take away the love she had for all of her grandchildren. The past couple years have been rough for Grandma but she was strong and kept on fighting. I know she's in a better place now. She's in heaven with Grandpa where she wanted to be. She's also with my baby grandson Lucas and I know she's holding him and loving him. I will miss you Grandma! I love you! Barb
